ADITYA BIRLA FIRM'S PROFIT FALLS 35%

India buoyant, but need to watch US & China: Hindalco MD

RAJESH KURUP
Mumbai, November 11

THE INDIAN MARKET is "extremely buoyant" with no indications of any slowdown, while the US and China are the two economies that need to be watched, according to a top official of Hindalco Industries.

The prices of coal in India, which peaked during the second quarter ended September, are expected to fall during the coming quarters, the official added.

"So far we are not seeing any slowdown in the Indian economy and it is extremely buoyant and is emerging strongly after the pandemic. The country is in a strong position with a strong demand being witnessed from sectors such as auto and infrastructure, but the US and China—the two largest economies—should be watched for any signs of a slowdown," Hindalco Industries managing director Satish Pai said during a media interaction.

"There is sustained demand from the country," he said, adding that the consumption of aluminium is up by 25%.

Hindalco, an Aditya Birla Group metals flagship company, posted a consolidated net profit of ₹2,205 crore, a 35% fall from ₹3,417 recorded in the same period a year ago. The net profit was impacted pri-

While the availability of coal is still tight, we expect the situation to improve in the coming months. Prices of coal are also expected to fall by third and fourth quarters

SATISH PAI, MD, HINDALCO

marily by elevated input costs and inflationary impacts.

During the quarter, consolidated revenue rose 18% to ₹56,176 crore, driven by higher volumes and better realisations, compared with ₹47,665 crore logged during the year-ago quarter.

Coal prices, which peaked during the quarter, also had its impact. Hindalco's coal linkages were down to about 50% from the normal 60-70%, which prompted it to buy more coal from the open market.

"While the availability of coal is still tight, we expect the situation to improve in the coming months. The prices of coal are also expected to fall by third and fourth quarters," Pai said.

Hindalco's quarterly consolidated Ebitda fell 29% to ₹5,743 crore (₹8,045 crore in the year-ago period), impacted by rising input costs and unfavourable macros, partially

offset by better operational performance of the copper and downstream businesses.

"While the upstream aluminium business Ebitda was impacted due to elevated raw material and energy costs, our aluminium downstream business performed well with Ebitda more than doubling year-on-year due to better pricing and market demand. The copper business outperformed, reporting its highest-ever metal and copper rod sales," he added.

Novels, the US subsidiary of Hindalco, said its revenue rose 17% to \$4.8 billion in Q2 (from \$4.1 billion), supported by higher volumes, increased product pricing, a favourable mix and higher average aluminium prices. Its total shipments of flat-rolled products were up 2% at 984 Kt in Q2, driven by recovery in automotive and aerospace shipments.

PV despatches grow 29% in Oct on festive boost

DOMESTIC WHOLESALES

FE BUREAU
Mumbai, November 11

THANKS TO THE festive cheer, passenger vehicle (PV) despatches rose to 291,113 units during October, a growth of 29%, according to data shared by the Society of Indian Automobile Manufacturers (SIAM).

The total two-wheeler despatches to dealers during the same month grew just under 2% to 1.57 million units. Two-wheeler makers like Hero MotoCorp claimed that retail level demand was strong during the month which has led to reduction in inventory.

Vinod Aggarwal, president, SIAM, said: "Good market sentiments coupled with festive boost resulted in higher sales in October, especially for passenger vehicles. Higher inflation and rising interest rates

have impacted the rural market more, thereby returning marginal growth of the two-wheeler segment."

The three-wheeler sales rose 70% to 54,154 units against the same month last year. Total vehicle sales (except commercial vehicles and entire sales of Tata Motors) grew 6% to 1.92 million units during the month.

The 42-day festive period, which falls between the first day of Navratri and 15 days post Dhanteras, saw a 29% jump in retail volumes to 2.88 million units, making it the best such period in four years, according to data earlier shared by the Federation of Automobile Dealers Association (Fada). The festive season, which generates 30-35% of the year's total volumes, was the primary reason for companies to build inventory.

Community radio: Pvt FM players want not-for-profit firms out

JATIN GROVER
New Delhi, November 11

PRIVATE RADIO PLAYERS such as Radio Mirchi, Radio City and Big FM have urged the Telecom Regulatory Authority of India (Trai) not to recommend allowing not-for-profit companies to run community radios.

The companies, through industry body Association of Radio Operators for India, have said granting permission to not-for-profit companies falling under Section 8 of Companies Act, 2013, would come at a financial loss to the exchequer. They said such companies would become eligible for benefits like reduced license fee, access to spectrum without auction, lower spectrum usage charges, among others, thereby reducing revenue for the government and giving strong competition to small community radios.

Community radio stations broadcast content that is of specific interest to people in a particular geography. The programmes may be related to education, entertainment and other interests of users in that community. As per current rules, only civil society and voluntary organisations, educational institutes, state agricultural universities, Krishi Vigyan Kendras, registered societies and autonomous bodies, and public charitable trusts are allowed to operate community radio stations.

Emami profit declines 3% at ₹180 cr; revenues grow 3.4%

FE BUREAU
Kolkata, November 11

EMAMI ON FRIDAY reported a 2.76% year-on-year fall in its consolidated net profit to ₹180.13 crore for the second quarter this fiscal even as its revenue from operations grew 3.38% year-on-year during the period.

The company's net profit had stood at ₹185.25 crore for the second quarter last fiscal.

Revenue from operations increased at ₹813.75 crore for the period under review from ₹787.12 crore for the year-ago period, according to a stock exchange filing.

Mohan Goenka, vice-chairman and whole-time director, Emami, said consumer demand remained muted across markets with high inflation affecting consumption, especially in the rural markets.

NOTICE OF POSTAL BALLOT

NOTICE is hereby given that pursuant to the provisions of Sections 110 and 108 of the Companies Act, 2013 (the "Act") including any statutory modification(s), clarification(s), substitution(s) or re-enactment(s) thereof for the time being in force, read with Rules 20 and 22 of the Companies (Management and Administration) Rules, 2014 (the "Management Rules") as amended, Secretariat Standard-2 on General Meetings (the "SS-2"), Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "SEBI LODR Regulations"), guidelines prescribed by the Ministry of Corporate Affairs (the "MCA"), Government of India, for holding general meetings vide General Circular Nos. 14/2020 dated 8th April 2020, 17/2020 dated 13th April 2020, 22/2020 dated 15th June 2020, 33/2020 dated 28th September 2020, 39/2020 dated 31st December 2020 and 10/2021 dated 23rd June 2021, 20/2021 dated 8th December, 2021 and 3/2022 dated 5th May, 2022 (the "MCA Circulars") in view of COVID-19 pandemic and any other applicable laws and regulations, the following resolutions are proposed to be passed by the Members of Modulex Construction Technologies Limited (the "Company") through Postal Ballot by way of voting through electronic means ("e-voting") only.

Description of special resolution passed:

1. The Issuance and allotment of not more than 1,79,98,524 Equity Shares on preferential basis by swap against Equity Shares of Give Windout Windows And Doors Private Limited at the ratio of 1:1.345 considering the Price as per Valuation Report of Give Windout Windows and Doors Private Limited and Price of Modulex which shall not be less than the Floor Price to be determined on the Relevant Date which is 11th November, 2022.
2. To make Investments, Give Loans, Guarantees and Security in Excess of Limits Specified under Section 186 of the Companies Act, 2013.

In compliance with the above-mentioned provisions and the MCA circulars, the Company has circulated the electronic copies of the Postal Ballot Notice dated 09th November, 2022 along with the Explanatory Statement pertaining to the said resolutions setting out the material facts and related particulars, on 11th November, 2022, to those Member whose names appear in the Register of Members / List of Beneficial Owners maintained by the Company / Depositories as at close of business hours on 4th November, 2022 Friday (i.e. cut-off date) and whose email address were registered with the Depository Participants or with the Company as on the Cut-off date.

The copy of the Postal Ballot Notice is also available on the Company's website at www.modulex.in, website of Stock Exchange i.e. BSE Limited www.bseindia.com and on the website of CDSL at www.evotingindia.com

INSTRUCTIONS FOR REMOTE E-VOTING

Pursuant to Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide the facility to Members to exercise their right to vote by electronic means on resolutions proposed to be passed through Postal Ballot. Members holding shares either in physical form or dematerialized form, as on cut-off date i.e. 4th November, 2022 are eligible to cast their vote electronically through electronic voting system (remote e-voting) provided by CDSL at www.evotingindia.com.

A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting.

The remote e-voting period will commence at 9.00 a.m. on 14th November, 2022 and will end at 5.00 p.m. on 13th December, 2022. The remote e-voting module shall be disabled for voting at 5.00 pm on 13th December, 2022. Once the vote on a resolution is cast by the member, the member cannot modify it subsequently.

Members, who have acquired shares after dispatch of notice of Postal Ballot but before the cut-off date, may obtain the USER ID and Password by sending a request at helpdesk.evoting@cdslindia.com or company.secretary@modulex.in. However, if a person is already registered with CDSL for remote e-voting then you may use your existing USER ID and Password and cast their vote.

The procedure of electronic voting is available in the Notice of the Postal Ballot as well as in the email sent to the Members by Purva Sharegistry (India) Private Limited. In case of any queries / grievances pertaining to e-voting may be addressed to **Ms. Bhoomi Mewada**, (Company Secretary and Compliance Officer) at the designated email ID: company.secretary@modulex.in or you may refer to the "Frequently Asked Questions" (FAQs) section on website of Purva Sharegistry (India) Private Limited., Unit no. 9, Shiv Shakti Ind. Set, J.R. Boricha Marg, Lower Parel (East) Mumbai-400011, Email ID: support@purvashare.com.

Please note that there will be no dispatch of physical copies of Notices or Postal Ballot forms to the Members of the Company and no physical ballot forms will be accepted. The Board of Directors has appointed Mr. Dharmesh Zaveri (Membership No. FCS 5418), Practicing Company Secretaries, as the Scrutinizer to conduct the Postal Ballot and evoting process in a fair and transparent manner.

The results of the voting conducted through Postal Ballot (through the remote e-voting process) along with the scrutiner's report will be announced by the Chairman on or before 16th December 2022. The results will also be displayed on the website of the Company i.e. www.modulex.in, website of the Bombay stock exchange www.bseindia.com and on the website of CDSL at www.evotingindia.com.

In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at www.evotingindia.com.

Postal Ballot Notice was emailed to all the shareholders on 11th November, 2022.

Manual of registering / updating email addresses

Members holding shares in physical mode and who have not registered / updated their email addresses with the Company are requested to update their email addresses by writing to the Company at company.secretary@modulex.in along with the copy of the signed request letter mentioning the name and address of the Member, self-attested copy of the PAN card, and self-attested copy of any document (eg.: Driving License, Election Identity Card, Passport) in support of the address of the Member. Members holding shares in dematerialized mode are requested to register / update their email addresses with the relevant Depository Participants. In case of any queries / difficulties in registering the e-mail address, Members may write to company.secretary@modulex.in.

Delhivery narrows loss to ₹254 cr

FE BUREAU
New Delhi, November 11

LOGISTICS COMPANY DELHIVERY on Friday said it narrowed its net loss to ₹254 crore for the quarter ended September against a loss of ₹635 crore in the corresponding quarter last year on the back of a surge in sales with the start of festive season sales towards the end of the quarter.

The company's revenue from services increased 22% year-on-year to ₹1,796 crore, up 9% y-o-y from ₹1,644 crore on a pro forma basis in the second quarter.

However, the company's adjusted Ebitda loss more than doubled to ₹125 crore from ₹58 crore in the previous quarter. Sequentially, there was an improvement.

In a business update shared on October 20 for the second quarter, the Gurugram-based company had said the company expects moderate growth of shipment volumes for the rest of FY23, which led investors into a tizzy, and its share price dropped 14% to ₹479 on the BSE.

Delhivery had posted a wider net loss of ₹399 crore for the three months ended June versus ₹130 crore loss in the year ago period.

Revenue from express parcel services in the September quarter increased 17% y-o-y to ₹1,125 crore. Express volumes were higher 19% y-o-y to 161 million shipments versus 135 million shipments in Q2FY22 on the back of a steady quarter with an added surge in volumes towards the end owing to the start of festive season sales. Shipment volumes grew by 80% during the festive season period over average volumes in prior weeks, company said in a statement.

Switch Mobility eyes West Asia market

SAJAN C KUMAR
Chennai, November 11

SWITCH MOBILITY, THE electric vehicle subsidiary of Ashok Leyland, has set its sights on the West Asia market for its expansion plans. Besides, the company is in talks with prospective strategic investors for a fundraise of \$200-250 million.

Dheeraj Hinduja, executive chairman, Ashok Leyland, told select mediapersons on Friday Switch Mobility plans to roll out products in more geographies. "Currently, it is focused on the UK and India markets. It has displayed electric buses in Europe, which is a big market. We are getting interest from the Middle East (West Asia) market as well. After Europe, we will focus on that market," he said.

Hinduja said they are in talks with several investors to raise \$200-\$250 million and a deal is likely to be announced soon. "Though, the culmination of the deal is taking a bit more time than expected, we want to rope in the right strategic investor, hence the delay," he said. The dilution due to fresh infusion of capital will not be over 15%.

Ashok Leyland back in black

ASHOK LEYLAND on Friday reported a profit after tax of ₹199 crore for the second quarter of FY23, compared with a loss of ₹83 crore in the same period last year. Revenue stood at ₹8,266 crore against ₹4,458 crore a year ago. Domestic M&HCV volumes at 25,475 units grew 113% over the same period last year, which is more than double the industry growth.

—FE BUREAU

He said Switch plans to launch products in the LCV segment such as Dost and Bada Dost by the middle of next year. It may go in for collaborations for charging infrastructure and battery-related segments. "We are not open to collaborations on the product side, as we have already developed a number of products to be launched soon," he added.

US data cheers markets

The Dow Jones rose 3.7% on Thursday, while the Nasdaq Composite was up 7.3%.

"This has reduced the recession probability from 60% to 40% and has brought down the expectation of a peak benchmark rate from 5.25% to 5%. This is the first spark of good news from the US in a long time and has been instrumental in lifting investor sentiments," said Sushant Bhansali, CEO, Ambit Asset Management.

Bhansali said emerging markets such as India will continue to be driven by the strength of its domestic consumption and the strength of the economy, which will also limit the impact of a global slowdown.

Ratings agency Moody's, however, slashed India's GDP growth projections for 2022 to 7% from 7.7% earlier citing global slowdown and rising domestic interest rates.

FPIs have pumped in \$2.3 billion in Indian equities in November, paring the year to date outflows to \$19.9 billion.

"What has helped the India market is the return of FII inflows, along with resilient earnings in sectors such as financial services, IT services

and pharma. India's weight in emerging market indices has increased. Domestic flows remain healthy. While we continue to find the market expensive relative to its history, regional peers and on the elevated bond yield-earnings yield gap, flows are likely to dominate near-term returns," said Kunal Vora, head—India equity research, BNP Paribas India.

Most Asian stock markets rallied on Friday, while European stocks and US futures rose. China's withdrawal of some Covid-related curbs drove outsized gains in local markets. Chinese authorities on Friday shortened quarantine times for residents and inbound travellers, and scrapped a penalty on airlines that bring in infected passengers.

Economic data released Friday showed that UK gross domestic product fell 0.2% in the third quarter from the second, a slightly better outcome than the 0.5% decline feared. This was the first contraction in six quarters.

Narrow rally spells uncertainty

On Thursday, the selective rally was clearly reflected in the US markets as well. The Dow Jones' 3.7% rise was largely on

the back of beaten-down IT majors such as Apple, Microsoft, Alphabet, Meta, Amazon and Nvidia. The Indian markets followed the same template, except for the HDFC twins. IT majors Infosys, Tata Consultancy Services (TCS), Tech Mahindra, HCL Technologies and Wipro led the rally and were up over 3%. The BSE IT index closed higher by 3.70% or over 1,060 points. In fact, the rally was so narrow that only Nifty IT, Nifty Financial Services, and Nifty Metal indices closed over 2%. All the other sectoral indices were up less than the benchmark indices, with Nifty Auto, Nifty PSU banking and NSE FMCG closing marginally down.

Market players say that such rallies may continue in the future, primarily because of the overall uncertainty in the global markets. "So, there is a strong possibility that the market may latch on to themes or stocks in the news in the coming days instead of a broader rally," said a fund manager who did not wish to be named.

Arun Kejriwal, founder, Kejriwal Research and Financial Services said: "Our markets are dangerously close to all-time highs. What happens in the global markets is important now. Of course, there will be few aberrations when US

markets rise & we fall and vice versa. But more or less, we will be propped up/down, depending on the overall market mood."

According to him, traditionally, such selective rallies do not last too long. So, it makes sense for investors to be cautious during such times.

Hinduja bros call truce

London appeal judges on Friday lifted reporting restrictions on court hearings centered around Sririchand's health and the care he was receiving following an 18-month legal battle by Bloomberg News and the Press Association and the UK's Official Solicitor, ending years of secrecy that tied into a commercial case over the empire.
